

IJCEO

Indian Journal of Clinical and Experimental Ophthalmology

Volume - 10, Issue - 3, Year - 2024 (www.ijceo.org)

Indian Journal of Clinical and Experimental Ophthalmology (IJCEO) is open access, a peer-reviewed medical journal, published quarterly, online, and in print, by the Innovative Education and Scientific Research Foundation (IESRF) since 2015. To fulfil our aim of rapid dissemination of knowledge, we publish articles 'Ahead of Print' on acceptance. In addition, the journal allows free access (Open Access) to its content, which is likely to attract more readers and citations of articles published in IJCEO.

Manuscripts more...

Call for paper

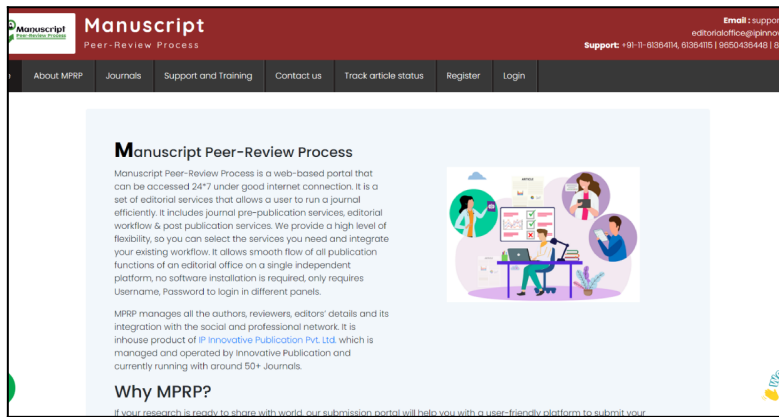

We cordially invite faculty, researchers, and scholars to submission of your valuable contribution to our Upcoming issues. It is a double-blind, peer-review, and Open Access (OA) journal and accepts manuscripts as research papers, review articles, case reports, short communication, etc.

Manuscript Submission Guidelines

To submit your manuscript, first-time users click the Register button from the submission portal. If you are already a registered user, log in as an author and post your manuscript for further peer-review process. Manuscripts submitted for consideration and inclusion in upcoming issues must follow <https://www.ijceo.org/info/author> and be submitted by **2024-12-28**.

Volume - 10

Issue - 3

Year-2024

CONTENTS

Editorial:

Gene therapy for glaucoma: A paradigm shift in treatment 395-398

Rajendra Prakash Maurya, Dibya Ranjan Panda, Shiva Kaushal*

Review Article:

Assessment of pediatric visual acuity 399-407

Mahesh Chandra, Ravi Ranjan, Satwinder Singh Insan, Gaurav Dubey, Pratik Sharma, Shamit Pal, Nalin Singh*

Corticosteroid-induced Glaucoma: An avoidable blindness 408-414

Gayathri Ajith, Saravana Bhava, Rajesh Kannan, Bala Subramaniam*

Accommodation and vergence functions among children with dyslexia: A review of literature 415-429

Animesh Mondal, Rituparna Ghoshal, Sourav Karmakar, Nishtha Verma, Gaurav Kumar Bhardwaj*

Dragged fovea diplopia syndrome: A review article 430-434

Tsering lamu Shongmu, Roshni Sengupta, Debanjali Bhattacharjee, Himani Chauhan*

Glaucoma in general population and steroid users 435-440

Kowshik Saha, Ankita Bandyopadhyay*

Original Article:

Efficacy of topical autologous serum versus preservative free artificial tears in patients having isotretinoin induced dry eye diseases 441-446

Snigdha Sen, Himanshu K Yadav, Anu Jain, Ila Tripathi, Yatendra Chahar, Rajendra Prakash Maurya*

A study to compare the prevalence of posterior capsular opacity between patients implanted with hydrophobic acrylic intra ocular lens (IOL) versus hydrophilic acrylic intra ocular lens (IOL) in the diabetic and non-diabetic group following cataract surgery: A hospital based prospective study 447-453

B Saravana Bhava, K Ezhil Vendhan, Thirumalai Sreneella, S Sindhuja Devi, B Jeyaprakash*

To study efficacy of tacrolimus (0.03%) eye ointment, cyclosporine (0.1%) eye drops and fluorometholone (0.1%) eye drops in vernal keratoconjunctivitis 454-458

Rupali Kashyap, Tulika Gupta, Harvinder, Rajendra Prakash Maurya, Meghna Roy*

Correlation between optical coherence tomography angiography measured vessel density and retinal nerve fiber layer thickness in moderate primary open angle glaucoma cases and normal controls 459-463

R Jaya Priya, B Radhakrishnan, Naveena M*

Comparison of corneal ulcer size and depth measurement by slit lamp and anterior segment optical coherence tomography 464-469

Alok Sharma, Arun Kumar Singh, Alka Gupta, Kumudini Sharma, Rajendra Prakash Maurya, Deepti Gangwar*

A clinical study on evaluation of risk factors and visual outcome after phacoemulsification in presenile cataract patients 470-474

Sangameshwarayya Salimath, Sheryl D Almeida, Gayathi Mohan*

Choroidal thickness in type 2 diabetes mellitus patients using spectral domain optical coherence tomography 475-480

Mervin Jonathan Israel, Raghavendra K Ijeri, Nikhita Anil Sankolli*

Effect of trabeculectomy with mitomycin C versus ologen implant in reducing intraocular pressure: A comparative study in patients with primary open-angle glaucoma 481-485

Naresh Desinayak, Pallavi Shree*

A comparative study on the phaco time and corneal endothelial count in phacoemulsification using the stop & chop and divide & conquer techniques in Indian eyes 486-491

Muthusundari Arunachalam, Shankar Chokkalingam, Premnath Gnaneswaran, Adnan Matheen, Shinisha Paul Bravian*

Comparison of retinal nerve fiber thickness in emmetropes, myopes and hyperopes using optical coherence tomography 492-496

Ezhil Vendhan, Sozhama Devi, Gokulappriya Gunasekaran, Lavanya Shiva, R Rajesh Kannan*

The effect of travoprost on subfoveal choroidal thickness in primary open angle glaucoma 497-501

Gajashree S, Neha Chawla Guliani, Sangeeta Abrol, Rajshekhar Vemparala, Brahm Prakash Guliani*

A study on intraocular pressure variation in primigravida and multigravida in trimesters of pregnancy and puerperium 502-508

Arun Samal, Asit Mohanty, Kamala Kanta Sahoo*

Analysis of retinal thickness using spectral domain optical coherence tomography in hypertensives and normotensives: A comparative study 509-514

Rajarajeswary Punniamurthy, Bhagwati Wadwekar, Renuka Srinivasan*

A study on correlation between automated perimetry and optical coherence tomography findings in glaucoma suspects 515-520

Veena Vandana Muthyala, Sunil G Biradar*

To evaluate the outcome of external dacryocystorhinostomy without flaps in the cases of adult chronic dacryocystitis 521-524

Prasanna Jit Das, Baby Deka, Rajiv Kumar Das, Ankur Baruah, Devajit Deka, Tultul Das*

Contact lens, case and solution related microbiological evaluation in health care workers and medical students 525-531

Bindumalini Mudduveerappa, Sujatha S Ravikumar, Shreyanka Prakash Mane, Utkarsha Bharadwaj, Tejashree Ananth*

Visual outcome of cataract surgery by phacoemulsification in diabetic versus non-diabetic patients: A comparative study 532-539

Shubhay V Naik, B S Joshi*

Microbiological profile and antibiotic susceptibility pattern of chronic dacryocystitis at a tertiary eye care centre in Western India 540-544

Garima Amol Agrawal, Pankti Shah*

Ethambutol induced optic neuropathy: A reemerging ocular emergency needing strict vigilance and screening 545-548

Monika Dahiya, Manisha Rathi, Mohit Dua, Sumit Sachdeva, Ruchi Dabas*

Association between pseudoexfoliation syndrome and dyslipidemia: A case control study 549-553

*Afshan Sumaiya Qazi, Sheikh Asma Bashir, Imtiyaz Ahmad Lone**

Expert opinion on the prescription practice of artificial tear formulations for the management of dry eye disease in Indian settings: A questionnaire-based survey 554-559

Manjula S, Krishna Kumar M*

Comparing macular thickness and visual acuity responses retinal vein occlusion versus diabetic macular edema following anti vascular endothelial growth factor therapy: A retrospective analysis 560-567

Rangkynsai Marngar, Achyut N Pandey, Shweta Sharma*

Study on association of dry eye disease (DED) with visual display terminal (VDT) use among medical college students 568-572

Tadisina Sanjay Reddy, Prathima Linga, Nirupama Damarla, Hymavathi Bommiseti, Satyanarayana Reddy*

Association of lipid profile with primary open angle glaucoma in non-obese patients 573-577

Aashna Agarwal, Luxmi Singh, Kanika Sharma, Vaishali Bansal*

Ocular manifestations of various spondyloarthropathies 578-587

Yasha Bandil, Rajneesh Singh, Pankaj Choudhary*

Study of prevalence of non-strabismic binocular vision anomalies in a tertiary centre: An important but often forgotten cause of ophthalmic headache 588-592

Hebbale Ramakrishna Shwetha, Archana Bhat, Anisha Ramesh, Delmin Maria*

Dyschromatopsia due to welding arcs: An underestimated occupational injury 593-597

*Asma Jabeen, Shazia Qayum**

Case Series:

A case series on small incision cataract surgery + PMMA IOL with primary posterior capsulorrhexis: A safe and cheaper alternative in management of pediatric cataracts 598-602

*Himanto Nath Hazarika, Suranjana Chaliha Hazarika, Parthasarathi Gayan,
Shibashis Deb*, Garima Rani*

Optic nerve head: A diagnostic Saga! 603-608

*Jyoti Bhatt**

Case Report:

A rare case of Turner's syndrome with thyroid associated orbitopathy 609-611

Avina Bishnoi, Subhash Kumar, Supreeth Chandrashekhara, Ritesh Kumar,
Rajendra Prakash Maurya*

A case report: Reactivation of tubercular infection presenting as bilateral frosted branch angiitis 612-615

Sana Mariyam, Naheed Akhtar, Abdul Waris, Anupam Ahuja, Summaiyya
Khan*

A simple suture technique to repair iatrogenic iridodialysis post cataract surgery: A case report 616-619

Kiruthika Sekizhan, Premnath Gnaneswaran, Shankar Chokkalingam,
Rajakumari Murugesan*

Short Communication:

Eye wash devices in dentistry: A brief review of safety protocols and best practices 620-622

Ravi Gupta, A R Vivekananda Pai, Lipika Jain, Pevanjit Kaur*

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
